

Today's Dental, L.L.C.

Jonas E. Gauthier, D.D.S.

5016 Hwy 28 East

Pineville, LA 71360

INSURANCE POLICY

Today's Dental is glad to accept your dental insurance as a courtesy to you, our patient, but the contract is between you and your insurance carrier not Today's Dental. We will file all necessary forms to expedite payment to our office. However, if payment is not received within 45 days of dental treatment, we will expect payment from you, and any payment received from the insurance company will be forwarded to you.

Our office calculates the insurance portion of the charged fee as accurate as possible, with your calculated portion due at time of service, however, some times a balance is left after the insurance payment is received, or, there may be services your insurance denies payment on even though your benefits have been verified. This balance is your responsibility. We will be glad to provide you with a copy of our verification sheet upon request. Should you have any questions or concerns regarding your benefits, please ask. _____

(Please initial)

We do not accept any secondary insurance payments. We are glad to file any paperwork for you allowing them to reimburse you.

I agree to the above policy and assign benefits, otherwise payable to me, to Today's Dental.

Signature: _____ Date: _____

•Any overpayment requested goes to our accounting firm and can take up to 30 days to be processed.
